

Career and Franchise Ownership Opportunities

Discover what it's like to own your own academy! Visit with us at tigerrockland!

OWN YOUR ACADEMY

LIFESTYLE: By design the Tiger-Rock owner model supports a lifestyle that provides an opportunity for harmony between your personal and professional lives.

OPERATIONS: Automated technology platform created to take care of marketing, member communication, and task organization.

PRODUCT: The Tiger-Rock program empowers lives through martial art experiences for Tiger Cubs, Juniors, and Teens. The Tiger-Rock proprietary martial art "Delta Method" is based on a set of core principles and martial art kinesiology that builds member life attributes and exceptional martial art athletes.

ORIENTATION: Visit us in Kansas City! Tour our National Headquarters and Pro Shop distribution center. During your visit we will help you begin your journey to own your own franchise territory anywhere in America.

BUILD: During this phase we will go to work for you, assisting as you request, with site selection, real estate, lease negotiation, finance, design and your ACM brand training.

GROW: Opening Day, now what? Within the ACM brand training you will learn how to utilize Tiger-Rock resources, strategies and systems to grow your business to your market capacity. Your rate of growth will depend on your marketing investment, management skills, location and trade area networking.
